2021 Litter Pick-Up Dates

Mark your calendars!

Inform your members!

April 17th - April 25th

Sept. 4th-12th

Adopt a Road PROGRAM

A New Approach

The Adopt A Road Program began in Manistee County in 1997. As time goes by we all know things do have to change. But Change can be good.

Our Program is going to be a little different moving forward.

Before you were required to sign a form every 2 years for your section. Manistee County will not be continuing sections like that. Moving forward each section will need to complete a Pick-up Report at least once a year. That report can be found under the Adopt A Road tab on our Web page or can be picked up in our office.

If a report has not been submitted in the last 365 days then that section will be up for adoption.

Thank You everyone for understanding that change needs to happen. Remember Your supplies are provided for you so stop by the Road Commission to get your bags and vests!

If you need more information or have any questions?

Please call the Office at (231)889-0000.
